Dear Veindirectory Members,

Veindirectory is launching a toll-free number to help patients find a member physician in their area. This program will increase the number of patient requests you are receiving. The patients' information will be sent out to your facility in the email format you are currently accustomed to, requiring no change in your current follow-up process. We are pleased to launch this effort, and look forward to its success. Thank you for your continued support and membership. If you have any questions regarding this effort, please feel free to give me a call or drop me a note.

Very Best,

Jasson Gilmore
