THEODORE BENDEREV, M.D.

BOARD CERTIFIED UROLOGIST IPSI- A Medical Corporation 26732 Crown Valley Pkwy, Suite 327 Mission Viejo, CA 92691 Phone 949-364-4400 888-VASECTOMY

Dear Sir:

Thank you for choosing to schedule your appointment with me.

Enclosed please find the information packet necessary to complete your chart. In order to serve you in a timely manner, we ask that you **complete the information prior** to your appointment and bring this information back with you at the time of your appointment. **Please do not mail these forms back to our office.**

If your paperwork is incomplete or forgotten, you may arrive 30 minutes early to fill out paperwork or we will have to reschedule your appointment. Also, please bring along your insurance card and any copay required for your visit.

We are located at 26732 Crown Valley Parkway in Suite #327. Please feel free to call us at (949) 364-4400 if you have any questions.

You must <u>wear</u> an athletic supporter (jock strap) or tight briefs when you arrive for your procedure. Also, please wear long pants.

Your appointment is	on	at	

Thank you for scheduling with us and I look forward to serving you.

Sincerely,

Theodore Benderev, M.D.

THEODORE V. BENDEREV, M.D.

THEODORE V. BENDEREV, M.D.

IPSI – A Medical Corporation

FINANCIAL POLICIES

We welcome you to our practice. We are able to concentrate on the practice of medicine and provide quality care by having our financial policies understood by our patients and by avoiding confusion or misunderstandings.

As a courtesy to our patients, we will bill insurance claims with a maximum of two insurance carriers per patient. It is important to emphasize that your insurance is a contract between you and the insurance carrier. Our billing experience has taught us that while filing insurance claims is a courtesy extended to our patients, it is not a guarantee of payment. You will be billed directly for the services rendered if we have not been paid by your insurance carrier within 45 business days. You will then be responsible for the bill.

Our office staff will bill secondary insurance if the responsible party has given permission to the insurance company to have the payment sent to us. For services not covered by Medicare, a separate arrangement can be made.

Dr. Benderev is not a participating physician with Medi-Cal and therefore, cannot accept Medi-Cal insurance
(including retro-active Medi-Cal coverage). For patients without insurance plans or for patients that are unable to
provide an insurance card verifying current coverage, we require payment at the time services are rendered. If
you do not have insurance or your insurance company does not pay for services rendered it is the patient's
responsibility for payment in full. This also applies to patients requesting services who have insurance plans with
whom we are not contracted, (e.g., out-of-network coverage) (patient's initials)

All monies owed by the patient (e.g. co-payments, deductibles, required "out-of-pocket" amounts, non-covered services and co-insurance amounts) are due at the time services are rendered.

If your account is placed with a collection agency, due to non-payment, you will be responsible for any additional charges this may incur, including collection agency fees, attorney fees, court fees, and any other fees associated in collecting the balance due.

For patients having surgery, we are happy to provide an estimate of surgical charges. The estimate is based upon present expectations of the tests/procedures and/or services that will be required for your care. Additional services may become necessary and we will attempt to inform the patient as the need for additional services are identified.

Any patient that is seen or treated at IPSI without proper authorization from their insurance carrier is responsible for the full charge of the services rendered if no payment is authorized retrospectively.

Any services rendered by the IPSI that are not a covered benefit of your insurance policy are your responsibility to pay. Our staff will assist you to the best of their knowledge in dealing with your insurance company but it is your responsibility to know and understand your insurance policy.

We accept cash, check, VISA or Master Card. We are willing to work with any patient requesting a financial payment plan. There will be a \$45 charge for each check that is returned for insufficient funds.

PRECAUTIONS FOR SURGERY

All patients anticipating surgical procedures must stop taking aspirin and aspirin products as well as ibuprophen for **10-14 days prior** to procedure. These drugs and other nonsteroidal anti-inflammatory drugs are anticoagulants (blood thinners) which can cause bleeding problems during and following the procedure.

THE FOLLOWING COMPOUNDS ARE TO BE AVOIDED: FOR 10 TO 14 DAYS PRIOR TO SURGERY.

(Contact your general physician if there is any question whether you need the medicine.)

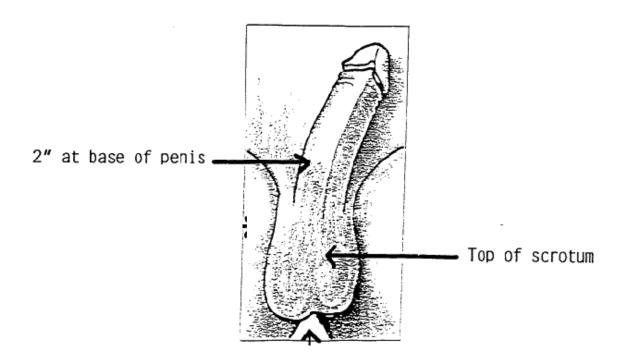

ADVIL	COPE	IBUPROPHEN	RELAFEN
ALKA SELTZER	CORICIDIN	INDOCIN	ROBAXISAL
ALEVE	DAMASON	LODINE	SALTFLEX
SELTZER	DARVON	MEASURIN	SINE AID
ANACIN	COMPOUND	MEDIPRIN	STENDIN
ANAPROX	DISALCID	MIDOL	SINE OFF
ARTHOTEC	DOLOBID	MOBIC	SUPAC
ASCRIPITIN	DRISTAN	MOTRIN	SYNALGOS
ASPRIN	DURAGESIC	NALFON	PAC
BAYER	ECOTRIN	NAPROSYN	SYNALGOS DC
ASPRIN	EMPIRIN	NAPRELAN	TOLECTIN
BEXTRA	EQUAGESIC	NORGESIC	TORADOL
BUFFERIN	EXCEDERIN	NUPIN	TRILAMINCAN
CAMA	FELEDENE	ORUDIS	TRILISATE
CATAFLAM	FIORINAL	ORUVAIL	VANQUISH
CELEBREX	FOUR WAY	PAC	VIOXX
CHERACOL	COLD	PANALGESIC	VOLTAREN
CLINORIL	HALFPRIN	PERCODIN	
CONGESPRIN	HALTRAN	PONSTEL	

ALSO AVOID "HERBAL" COMPOUNDS PRIOR TO SURGERY.

A number of herbal remedies have side effects that could complicate surgical procedures by inhibiting blood clotting, affecting blood pressure, or interfering with anesthetics. Ginkgo biloba, feverfew, garlic, ginger, and ginseng have all been shown to interfere with the function of platelets - necessary for clotting. The use of herbal preparations in the United States has risen dramatically over the past decade. Although we do not have the exact rate of complications form herbs, the potential for them to cause a problem is real.

SHAVING / CLIPPING INSTRUCTIONS FOR THE DAY OF VASECTOMY

On the day of the procedure you should shave or clip the hair at the bottom 2 inches of the penis and the front/top of the scrotum.

PLEASE SHAVE OR CLIP ON THE DAY OF THE PROCEDURE - NOT THE NIGHT BEFORE
